Please retain the dictionary from previous year. Close textual analysis requires multiple readings of the set texts. To facilitate this, students are required to read all their set texts at least once in the December / January holiday period. Because passage analysis requires the close reading and discussion of set passages, students should have the editions of the texts that are indicated on the booklist.

Please note: If you have already purchased books from VCE Early English booklist previously do not reorder. Retain Dictionary from previous year For the purposes of class discussion and close passage analysis, students are required to have the edition of the text that is indicated on the booklist. Close textual analysis requires multiple readings of the set texts. To facilitate this, students are required to read all their set texts at least once in the December / January holiday period. Deep analysis of themes, context, text construction and authorial intention can only occur if students begin the study with the groundwork already laid. It is important that Year 12 students read their set texts twice at the very least prior to the commencement of its study.
