# MOBILE PHONE POLICY & PROCEDURES

1

## Purpose

Emmaus College aims to foster a community that nurtures the full flourishing of each learner, inspiring excellence as they come 'To Know Christ' on their own road to Emmaus.

The College recognises that students engage in a world rich with possibilities, and; therefore, remains steadfast in safeguarding and educating students about the dynamic roles and responsibilities across the digital landscape. The College is committed to developing responsible digital citizens, who are ethical, discerning and resilient participants.

The intention of this policy, and related procedures, is to provide clear guidelines to all students regarding mobile phones (or other personal digital devices).

## **Principles**

The principles guiding this policy are:

- To minimise disruption to learning and teaching
- To enhance personal and social capabilities
- To foster positive social interaction among students without being distracted by mobile phones and other personal digital devices
- To protect the privacy of students, staff and the broader College community by prohibiting the collection of unauthorised images, film and recordings

## Scope

All students must lock their mobile phones securely in their lockers once they enter school buildings at the start of the school day. This will be when the first school bell rings at 8.40am. The mobile phone should be turned off or placed on silent. It must remain in the locker for the entire school day.

- Students are not permitted to have a mobile phone in class
- Students are not permitted to access their mobile phones at their lockers
- Students are not permitted to carry their mobile phones in the schoolyard
- Students are not permitted to use mobile phones during official College events, which are held on campus, during or outside normal school hours. For example, music concerts, performances, etc.

### **Excursion and off-campus College activities**

The College conducts off-campus excursions throughout the year and while these activities are not held on College grounds, the College considers this to be an extension of the classroom and schoolyard; therefore, the same mobile phone rules apply, students are not permitted to use their mobile phones. Off-campus activities, may include but are not limited to camps, outdoor education, study camps, day excursions and sporting events.

The College will provide students and their parents/guardians with information about items that are permitted for these events, inclusive of mobile phones and digital technologies.
